No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Most beneficial to me and my peers.

Any other comments on bus fares?

I believe it is currently too expensive as a public transport option, especially for those without metrocards. It should be a goal to encourage the use of Metro busses as a public transport option, and it therefore should be widely accessible to everyone. My primary reasoning for this is the focus of reducing the amount of cars that are on the road, so to easen congestion and to reduce carbon emissions.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?
