Hei Hei, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

As a current student in Dunedin, we operate on the \$2 flat fare for everyone, and that has been quite easy to navigate. I think this is a fare that will benefit everyone who uses the bus system, as well as account for students and younger users of the buses.

Any other comments on bus fares?

In relation to fares in other city centres, I have found that the Metro fares have gone up a substantial amount in the last 5 years (even as a Metrocards holder) and I think the city would benefit from having a change in the fare

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

No

Where did you hear about the consultation?
