Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Lex

Last name

McKenzie

Email address

Suburb

Yaldhurst, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I think if everyone pays a little it will still get people using public transport and the rate payers won't be paying as much to support transport

Any other comments on bus fares?

we do need to support the services so we don't lose them

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

I guess rate payers have to pay

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

put rates up a small amount and hold this in a fund for this work only

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

planting trees, promote not using fossil (ev's, clean burning or electric home heating)

Any other comments on future funding for responding to climate change?

if a levy goes ahead it is important to have someone or committee responsible for this money so it doesn't get used for other things

Where did you hear about the consultation?
