Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

It provide support to those who are most likely to need assistance. Working people over 25 probably don't need a free ride to work, Im sure they can afford to pay towards the cost of the service

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

Targeting the general ratepayer to fix problems caused by small groups doesn't seem the right way to go.
