Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Kate

Last name

Griffith

Email address

Suburb

Hornby, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Because it will make it significantly more viable to travel on public transport as a family. We attend an inner city school and would love to be able to use the bus system but at the moment it is too costly.

Any other comments on bus fares?

Option 2 would be good but it would be better if there was a cap on the total for the day - I.e \$4 max per adult per day and \$2.40 max per day per child

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Unicorns

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

User-pays, built into roading taxes, power bills etc.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Any other comments on flood protection in Ashburton?

I don't live in ashburton so it feels unfair to comment on something that doesn't affect me

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Actual grass-roots ACTION - fund community organisations and initiatives that are making a tangible difference, not just talking about or planning to do things.

Any other comments on future funding for responding to climate change?

It's needed now.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

No

Where did you hear about the consultation?

Social media (Facebook, Instagram)
