40-64 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Family of four, 2 kids, 2 community services card holders, no car, bus is the only option we have so spend a lot on weekly bus fares. Love in Templeton and to just go 10 mins up the road to rolleston is still classed as a zone 2 which is totally ridiculous when we can go all the way to new Brighton as a zone one! The reduced cost in bus fare would go a long way in our family!

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?
