Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Whilst option 1 is still a great option, I would choose option 2 as that gives almost everyone an opportunity to have a reduced cost bus travel. If a bus journey to and from Waikmak is going to cost \$4 a day this likely makes it cheaper than a car journey and could encourage more car users to use it, whereas some of those mentioned in option 1 may have have cars anyway. I think option 2 offers the most incentive to car users (in combo with the Waimak direct service), and hopefully benefit many other as well.

Any other comments on bus fares?

Per km they are pretty good value!

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

Where did you hear about the consultation?
