Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

My whole family bus at least 2 times a day, 5 days a week. I find the fact that it is cheaper for me to drive them around, park all day in the CBD still works out as more cost effective. I love that we have PT options, and want to encourage others to use them too. The cost is currently prohibitive.

Any other comments on bus fares?

I believe our city would immensely benefit from us making the buses free. The economic impact this would have for people would be immense. It gives people more money for their daily needs, more money to put into local businesses.
