Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Lucas

Last name

Moreno

Email address

Suburb

Cashmere, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

It improves the current system whilst keeping rates increase to a minimum. I don't think increasing rates for everyone would be fair giving raising costs in all areas.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Based on a carbon scheme. Those contaminating more pay the most.

Which option for distribution of rates in Ashburton River rating district do you support?

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

You should provide estimates as of how much rates would be impacted by a levy and provide options. Otherwise you could do anything and there wouldn't be opportunity for ratepayers to say no if you put a high levy. Very bad Ecan.

Where did you hear about the consultation?
