Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Angelina

Last name

Paterlini

Email address

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 3: Tertiary student concession

Tell us more about why you support the selected bus fare option.

I can't afford for my rates to keep increasing. There are just too many things coming that are going to put my rates up yet again.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Get a loan, apply for a grant, stop regular pay raises. Please Myself, & 90% of rate payers do not get pay raises, cost of living goes up every day and rates go up every year at least once.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Not by increasing rates. Feels like a disadvantage to own a home as every time something needs fixing or building for the city it is just that rate payers that have to pay.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Don't know

Any other comments on future funding for responding to climate change?

I as a person spend \$ to do as much as I can at extra cost eg got solar panels, pay for more expensive clean burning wood etc. Businesses do their bit upgrading vehicles, machinery at their cost. The council runs the city as a business, this is your business cost.

Where did you hear about the consultation?
