Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Paula

Last name

Godfrey

Email address

Suburb

Phillipstown, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Tell us more about why you support the selected bus fare option.

I would like to see a combination of options 1 and 2. I would like to see free fees for all the groups in option 1 except perhaps the under 25's. I think that the current rates are prohibitively expensive as they are now, so would like to see a flat fare introduced for adults that don't fall into the Option 1 groups.

Any other comments on bus fares?

At the moment it's cheaper to drive and pay for parking than it is to take the bus. I would like to see a cheaper bus rate to encourage people taking the bus. At the moment it takes 2x the time to get to the destination, and costs lots.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Perhaps having a natural disaster flat fee on rates would be the way to go.

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Carbon reductions would be highest for me. Funding in rail and public transport.

Where did you hear about the consultation?
