No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Im one of those few people who are single and dont get anything from the govt and still pay high rate and taxes. It would be good to pay less in other services

Any other comments on bus fares?

\$2 is fair

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

Cut off the ceo of council's salary

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Put budget or borrowing more on preventive measures. Most of the flood came about because of the never ending road construction

I don't have a preference

Would you support a levy to accelerate action in response to climate change?
