40-64 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I have three children who need to use the public bus to and from school because I don't drive. A free fare for them would mean that I could save that savings and it would benefit our family a great deal because my husband is the only one who is working.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference
