Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Mark

Last name

Jones

Email address

Suburb

Coalgate, Coalgate

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

Funding from central government

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Central Government Funding

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Flood defences and stormwater management improvements. More active monitoring and cleaning out culverts and water races. A fund to be setup to replace infrastructure in the event of an emergency. So if new infrastructure is there it can be paid for out of an existing fund rather than raising the money after the fact.

Any other comments on future funding for responding to climate change?

We will all have to pay our share at some point, lets start saving towards it now and ticking off the low hanging fruit to improve the resilience of our communities.

Where did you hear about the consultation?

Word of mouth
