No

Which bus fare structure option would you like to see trialled?

Tell us more about why you support the selected bus fare option.

As a student travelling from the University area of Christchurch, Ilam, Fendalton, Upper Riccarton, Sockburn I'd love to take the bus more consistently. Currently I ride my bike if I'm going solo since it's far cheaper obviously but this is difficult if I'm going with friends or if we're dressing up nice. If there's four of us it's almost the same price to split an uber. Pick up anywhere anytime no timetable to read. A free bus would open up Christchurch, increase foot traffic for shops and remove hesitations to deal with timetables and changing routes.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

Which option for distribution of rates in Ashburton River rating district do you support?

Yes
