**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

students are already struggling with money, and with fuel prices so high if they are lucky enough to have a car, they probably can't afford to drive it so bussing is the next option. bus fares add up, especially if you are using buses to go to school, work, home, and other places and this may be out of a student's budget meaning they have less money to spend on essentials such as food and bills.
