Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Georgia

Last name

Fitzpatrick

Email address

Suburb

Spreydon, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I've grown up using the bus system. It is a great way to reduce fuel emissions aswell as getting to and from school in a manner that doesn't make you need a licence. It helps so many kids get to school and to make it free allows for even more kids who couldn't use it before due to costs to do so now

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

A protection amount, collected through rates slowly per person, so it is ready when we do have another big flood which will only become more likely with climate change

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

A solar panel scheme, more electric power, better waste control

Any other comments on future funding for responding to climate change?

Please try to fix this before it is too late. It honestly keeps me up at night

Where did you hear about the consultation?

Other (please specify) - University
