Which age category are you in?

25-39 years old

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

It would encourage people of all ages to use public transport rather than just those below 25. If I only had to pay \$4 in total per day to get the bus to work it would be cheaper than driving in a paying for parking, therefore making it worthwhile.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

Which option for distribution of rates in Ashburton River rating district do you support?

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Don't know
