Suburb

Governors Bay, Governors Bay

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

Tell us more about why you support the selected bus fare option.

I, myself, am a tertiary student. I have friends and family who could benefit from option 1 as they are under 25 and working or have a CSC .

Any other comments on bus fares?

I like the idea of a student concession card as well, also I think the flat fare price would help a lot of people to make the transition to using public transport more. Although, Covid-19 may still be an issue and dissuade some people.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

Any other comments on future funding for responding to climate change?

Having the funding in place to respond to climate change events is important. However, just responding to events is not proactive. To be proactive towards climate change as a whole, there still needs to be a careful consideration, prior to events occurring, about what could be/are the causes, and what preventative measures can be implemented to reduce impact—if possible.

Where did you hear about the consultation?

Word of mouth
Other (please specify) - Student association at University of Canterbury
