Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Olivia

Last name

Janes

Email address

Suburb

Linwood, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

It would greatly support the majority of students who live outside walking distance to their institutions, as well as those who are less able to support their own transport places. Also would contribute to lower emissions from individual students driving.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

More public transport, support for transport that is not single-person cars (bikes, bike lanes, carpooling, busses). A shift to more renewable resources where possible and improved recycling and waste management.

Any other comments on future funding for responding to climate change?

Committing to action now in response to climate change is essential in minimising long-term impacts, and reducing future costs with recovering from climate change impacts. The more we can invest now in to climate change mitigation, the bigger impact it can have on future climate change risks and costs.

Where did you hear about the consultation?

Social media (Facebook, Instagram)

Word of mouth
