Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

I selected this to as students who may or may not have additional income are struggling to afford the costs of transport. Freeing the fare will encourage people to bus instead of drive

**Any other comments on bus fares?**

I think this should be for under 30's, to cover the higher cost of living for those who may not be getting paid above minimum wage as decent jobs come with experience that I don't think every under 30yr old has at that point
