No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I know I operate more effectively when I am not working from home, however with no car, the distance I can travel is severely limited. Fares free under 25 would allow me to travel to many places: the public library, the airport, volunteering, sports events, friends and family many of which are far from where I live. This would allow me to be far more connected to the community, to help the city of Christchurch to live up to its reputation as an outstanding place to live and study.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Don't know
