Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

if the bus is free more people will use it. results in less people driving cars so less fuel emissions, so cleaner air. also it lets people with no spare money travel faster than walking.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

fundraising

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

government should have a budget for this. i think this is a government responsibility since it's no one's fault and affects a lot of people in flooded areas

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

- bio energy increase to remove fossil fuels from nz. - more plantations to have more wood products to use instead of steel/concrete - replanting of deforested areas, wetlands, fiord lands - research for electric cars, products that improve our society without harming the environment - helping pacific islands recover from climate change
