Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I'm a student who relies on the bus for transport every day (going to campus, work, grocery... etc.) . Fare-free bus would be beneficial to me and everyone else who also rely on public transport.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Low (or free) public transport fare. Popularisation of electric vehicles (e.g. electric bus). Simplify plastic packages i.e. eliminate unnecessary packaging in the market.

Where did you hear about the consultation?
