15– 24 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am a tertiary student unable to work because of a health condition. I rely on public transport to get anywhere in the Christchurch region. It is difficult for me to afford bus fares at times. Fare-free and reduced costs allow people like me to access different parts of the city without having to be concerned about money on top of an already stressful financial situation.

Any other comments on bus fares?

All fares for bus services should be free.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes
