Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

This option may attract people from every age group to use public transportation instead of private car. It is also an affordable option for ratepayers compared to option one; I am a ratepayer myself.

Any other comments on bus fares?

Option 2 effective from 1 July 2022 would be helpful as government's announcement of temporary fare reduction may come to an end by 30 June; People would be used to using public transport even after 30 June as it will be a consistent service with minimal change.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
