Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

A fare-free option for under 25s, students, and Total Mobility and Community Services card holders will increase access to transport for those in Christchurch who need it most. Furthermore, the increased demand for public transport from these groups will substantially increase demand for public transport, reducing Christchurch's contribution to global emissions and climate change

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

No
