15– 24 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am a full time student who have class everyday. My part time pay doesn't help me cover all my bills and to top up my metro card twice or sometimes even thrice a week. I value my education and I am already paying so much to do my course and therefore I would appreciate it if I didn't have to pay so much for my transport to the UC. Therefore believe that a free fare would help out thousands of students like me who are in tertiary level of education.

Any other comments on bus fares?

Either a free fare or a tertiary student concession would be great and helpful

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Yes
