**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

Simplicity and I think it will encourage people to use the bus, which has many positive benefits.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Don't know

---

**How else might we pay for our share of this work?**

I think the properties benefiting from this work should pay, or service the borrowing,

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

---

**Would you support a levy to accelerate action in response to climate change?**

No

---

**Any other comments on future funding for responding to climate change?**

I note this would not impact 22/23 year but the country is in difficult financial times and the burden on ECAN ratepayers needs to remain consistent for the foreseeable future.

---

**Any other comments on Environment Canterbury's draft Annual Plan or other matters?**

In recent years the increase in my ECAN rates has been ridiculous. This has to stop and any more increases need to be more modest (e.g. in line with what the SDC increase is in my case).

**Where did you hear about the consultation?**
