Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Justin

Last name

Darling

Email address

Suburb

Hororata, Hororata

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

I would like to know if Ecan has or has thought about buying their own earth moving equipment I.e bulldozers, diggers, graders and dump trucks and having one or more of each machine in the major rivers and employing full time drivers for these machines to under-take full time river maintenance? I feel it would be more cost effective, efficient in terms of gravel management/removal and more reliable than employing contractors in the long term. If gravel was available to the community at certain points along those rivers, I think many people would take up the offer of BYO trailer to take it away. If this hasn't been considered I'd like to suggest it as a future option.

Would you support a levy to accelerate action in response to climate change?

Don't know

Any other comments on future funding for responding to climate change?

Climate change is really important and I support work to help us deal with it but don't think it should be an additional fee, it should be reallocated from existing funds/rate

Where did you hear about the consultation?

Social media (Facebook, Instagram)

Radio

Word of mouth
