40-64 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I would love to see more people using the bus and getting out of their cars from an environmental perspective. I'd also like my kids to be able to use the bus more and the absence of a fare would definitely encourage that!

I don't have a preference

Would you support a levy to accelerate action in response to climate change?
