St Albans, Christchurch			
Are you submitting on be	half of an organisation?		
No, I'm submitting as an ir	ndividual		
Which age category are y	ou in?		
15– 24 years old			
Do you wish to speak to y	Do you wish to speak to your submission at a Council hearing?		

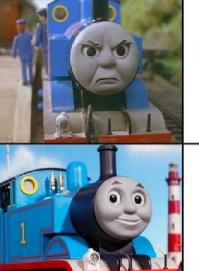

No

Which bus fare structure option would you like to see trialled?	
Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Commun holders	nity Services card
Tell us more about why you support the selected bus fare option.	
This will mean students are able to get to work and school cheaper and will mean the in the bank to spend on more inportant things. It's good for the environment and will more meaningful. Helps other commutes as it takes cars off the road and speeds up that sense, the cost of congestion is reduced.	I make bus services
Any other comments on bus fares?	
just go for it!	
Is borrowing and repaying through general rates the right approach for this region event?	nally significant
Yes	
How else might we pay for our share of this work?	
How else might we pay for our share of this work?  those in the city should pay to. we eat the food that our primary indistries produce them to continue their work without major flood damage on their propority.	and should support

Any other comments on flood protection in Ashburton?  Again, it is a vital national industry. It isn't a 'bad life choice' they made to live in a flood zone. The solution is to stop the floods in the first place and not place undue burden on the poor people affected in some sort of messed up insurance scheme.  Would you support a levy to accelerate action in response to climate change?  Yes  What current or future projects or activities would you like to see funded by such a levy?  flood protection, bus fares, rail transit  Any other comments on future funding for responding to climate change?  pls don't increase rates to much. I don't wanna give half my money to the council when I finally are able and can even afford to buy a house.  Any other comments on Environment Canterbury's draft Annual Plan or other matters?  no thanks  Upload any supporting documents (if applicable)  Attachment appended to end of submission	Option 2 (status quo): Keep the current distribution	on of rates in the Ashburton River rating district.
