**Subject:** Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

**First name**

Cathy

---

**Last name**

Lum-Webb

---

**Email address**

---

**Suburb**

Cass Bay, Lyttelton

---

**Phone number**

---

**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

Need more people on public transport- huge benefits for many reasons from reduced emissions, hopefully fewer car parks n increased community interaction.If the young ones are regular users they may carry on using public transport. Helps family with affordable especially with increase fuel prices .

---

**Any other comments on bus fares?**

If it's too hard to find then a reduced fare is also good.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**How else might we pay for our share of this work?**

Charging more for higher carbon emitters / polluters and rewarding or giving incentives to low carbon activities.

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

A bigger pool of resources/combined effort and ability to make outside the box thinking /decisions- eg not building on flood plains n being ok to move existing facilities to safer/higher areas.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

Improved recycling schemes; circular closed loop system- incentives to businesses that reduce waste all through the supply chain; so much to do to protect our land water and air.

---

**Any other comments on Environment Canterbury's draft Annual Plan or other matters?**

Our community needs a convenient bus service so our tamariki can get to school- the Bays through Lyttelton tunnel do not have a good service.

---

**Where did you hear about the consultation?**

Meeting or event
