Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

This will hopefully increase bus users reduce carbon emissions and make it a more viable option for tertiary students

Any other comments on bus fares?

we want buses to be something that people pick as a first option not a last resort being fare-free will make this a more agreeable option

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

I feel that I do not know enough about this issue to offer any viewpoint

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

I feel that I do not know enough about this issue to offer any viewpoint It is a difficult issue to resolve and depending on where funding goes and how much is available this can be complicated.

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

No comment

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

the type of food consumption we have and how it affects the climate, the creation of more green spaces and the usage of plastic and how we can individually and collectively reduce our carbon footprint

Any other comments on future funding for responding to climate change?

anything that is going to benefit our future in regards to climate change I'm excited to get on board with.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

not at this point
