Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

It benefits all age groups not just school children and pensioners.

Any other comments on bus fares?

It should be \$2 for adults and \$1 for children with free transfers when paying cash or eftpos and \$1 for adults and, .50¢ for children with free transfers when paying by MetroCard.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

From central government

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

By NZTA

Which option for distribution of rates in Ashburton River rating district do you support?

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

Make NZTA pay for the construction of a second (purpose built) bridge.

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

Remove all restrictions for private people using alternative renewable power generation on their properties. Perhaps even offer rates rebates or subsidies or interest free loans for people installing and using renewable power.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Dredge and aerate the rivers and make them swimmable again. Increase the fines payable for unapproved discharge into waterways to hundreds of thousands of dollars.
