Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

It will boost ridership and utilisation of the buses, save riders money, hopefully spur service improvements, and get students and young people in the habit of using public transport.

Any other comments on bus fares?

The bus remains one of the few things one cannot buy with the existing payment technologies in their pocket or on their phone (by which I mean contactless/card payments). This needs to be sorted asap as it is a significant barrier to entry for new users.

Would you support a levy to accelerate action in response to climate change?

Yes

Where did you hear about the consultation?
