Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As a university student with very little disposable income who appreciates being able to travel to work and friends houses, lower bus fares would be a great help to me in stress-free studies. I am also a big believer in transport that does not heavily impact the environment. Lower fares are not only great for those who cannot afford cars, but are a great way to achieve a more sustainable nation as a whole.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Sustainable transport.
