Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I live 8.7 kms away from my work. The bus stops 2 houses down from my home and stops outside my office in Lincoln. Currently it is cheaper for me to take my car. At \$2 it would be almost break even.

Any other comments on bus fares?

I think fares should be free for a couple of years for all to encourage people to use the bus regularly. Once this has become a way of life, then a flat \$2 for all would probably keep us all using the bus.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Would you support a levy to accelerate action in response to climate change?

Don't know

Where did you hear about the consultation?
