Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

With the increased number of people living within Christchurch Central being young professionals over the age of 25, Option 2 would incentive people like myself to make use of public transport network.

Option 1 is also a very good option, however, Option 2 is my preferred.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Preemptive work to prevent the scale of flooding to occur - such as clearing rivers and not strangling farmers with regulations to prevent them doing it themselves if needed.
