Are you submitting on behalf of an organisation? No, I'm submitting as an individual					
Which age category are y					

15-24 years old

Which bus fare structure option would you like to see trialled? Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders Tell us more about why you support the selected bus fare option. Because I bus everyday to and from school with my sister which is 6\$ a day for both of us and we are having to spend 30\$ each on buses every two weeks and mum still has to py for petrol to get herself to work and just for the car in general so it would bd alot easier for there to be no fares for us to go to school Is borrowing and repaying through general rates the right approach for this regionally significant event? Don't know Which option for distribution of rates in Ashburton River rating district do you support? I don't have a preference Would you support a levy to accelerate action in response to climate change?
