**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

0–14 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

I think it should not be free because our parents will have to pay for those rates and then they don't even get to go on the bus for free cause most of our parents aren't under 25.

---

**Any other comments on bus fares?**

No not really just don't think its as easy as it looks.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

No

---

**How else might we pay for our share of this work?**

I'm not sure but making parents pay isn't fair because if a parents kid doesn't even ride the bus then they are paying extra for no reason plus they have to pay more and don't even get to ride free themselves so it seems unfair.

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

I don't understand this question.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Any other comments on flood protection in Ashburton?**

What's that?

Don't know
