Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Hamish

Last name

Tindall

Email address

Suburb

Linwood, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 3: Tertiary student concession

Tell us more about why you support the selected bus fare option.

As an ex bus driver I feel that students will appreciate and use a the service more.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Land user pays.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Government tax

Which option for distribution of rates in Ashburton River rating district do you support?

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

The farm land predominantly affected by the floods was low lying shingle land on the north side of the Ashburton river, greenstreet and upstream. This land was certainly marginal when I lived there in the 1980's and stock quickly shifted to higher ground when the river flooded. Dairy farming should not be subsidised or encouraged near water ways.

Would you support a levy to accelerate action in response to climate change?

Yes

Any other comments on future funding for responding to climate change?

Lower CO2 emissions

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Corporate welfare to encourage more CO2 emissions is counter intuitive.

Where did you hear about the consultation?
