Tell us more about why you support the selected bus fare option.

Kia Ora, My name is Ellie Cooper and I am 16 years old student. I have lived in Christchurch for 12 years. I very much support making fares free for under 25s, students, Total Mobility and Community Services card holders. I support this because this would make many more people use the public buses instead of using other transport which would be bad for the environment. And making it free would make it much more appealing to bus so many more people would.
