You don't often get email from [redacted]. [Learn why this is important](#)

Since 2020, I am medically retired from work. My wife and I are CCC ratepayers
I decided 2.5 years ago not to drive a car any more, for medical safety reasons. Instead I use either my electric bike, the bus or my wife drives me if convenient for her.

I'm now 60 years old, and expect that my bike use will decline in the future – I don't use it much in winter any more.

I have a Total Mobility card as I sometimes take a taxi but other than this I don't use it much at the moment.

I support Option 1 - Targeted fare free.

My wife and I live in Halswell near the quarry. I would appreciate some information on future planning for bus routes.

Currently i have to take 2 different buses into central Christchurch. The area where I live is growing very rapidly and I'd like to know what plans for new bus services there are for the future.

Kind regards

Andrew Moorhouse
