**Subject:** Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

**First name**

Rosemary

---

**Last name**

Stanley

---

**Email address**

---

**Suburb**

Mairehau, Christchurch

---

**Phone number**

---

**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

25-39 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

This would change the way me and my children would commute to school/work. We have been wanting to reduce the use of the car to reduce our pollution but it is not affordable at the current rate on a family budget.

---

**Any other comments on bus fares?**

Inclusion, if you have the lower rate for everybody the I beleive it can help shift behaviour. If you are discounting students, once they become part of the work force they will revert to using a car.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**How else might we pay for our share of this work?**

Insurance ?

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

There needs to be funds put aside for these events that are becoming more and more frequent.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

Don't know

---

**Any other comments on future funding for responding to climate change?**

I strongly support the need for climate action but I am also depleted at how rates have increased every single year in Christchurch over the past 10years. It would have to depend on what action something that reay has an impact not just educational materials.

---

**Where did you hear about the consultation?**

Social media (Facebook, Instagram)  
Postcard
