Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

65+ years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Option 1 would not reduce any fares for the bus services I want to use. Option 2 gives me an incentive to leave my car at home. There are many people over 65 who for financial reasons continue to work but cannot use their Gold Cards as their travel is outside 9.00 to 3pm.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Most of the cost should be borne nationally through tax.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Major infrastructure should be mostly covered by government spending.

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Don't know

Where did you hear about the consultation?
