Which age category are you in?

25-39 years old

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

This option reduces costs for everyone and enables opportunities for more people to bus. I work in the city and with current bus fares it is cheaper to drive in especially given the added time to bus but if it was significantly cheaper to bus I would and the cheap costs would outweigh the longer travel time.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.
