Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Firstly it's already hard enough trying to afford to live. And while we can mitigate that by biking or walking, etc. sometimes circumstances prevent us from doing so (i.e. injury, whether, bike being stolen, etc.). Also the planet is already dying, man. We can't stop everyone driving, but community carpooling (buses) would save so much CO2 from being released, especially long term. Like seriously, is the planet not suffering enough as it is?

Any other comments on bus fares?

No Answer

Is borrowing and repaying through general rates the right approach for this regionally significant event?
