No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

At the moment I don't use the bus because it's typically cheaper for me to drive. I would be happy to use the bus to reduce traffic congestion and air pollution, but don't feel inclined to if it costs more

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
