Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Public Transport should be as cheap as possible for everyone if you want people to use it. Ideally free, or a monthly \$25 fee for all rides, or \$1 a ride (no matter how far you go). If you are truly committed to getting people to use the buses, make it so that it's the FIRST option. More frequent buses (i.e. waiting no more than 7 minutes for the next bus) + cheap fare (under \$1) would make it easy for everyone.

Any other comments on bus fares?

YES: Please, please, please can we have free bus fare through the Lyttelton tunnel. I would bike to work if I could get through the tunnel for free.
